

22 December 2015
O Rex Gentium!

Dear Frank and Trudy,

Thank you for your letter of December 8th last, regarding The Living Rosary Apostolate. I was interested to learn that the Apostolate has its origins in Poland with the layman the Servant of God Jan Tyranowski, who was so influential in the life of the young Karol Wojtyla, who organized Living Rosary groups during the Second World War.

As you described it in your letter and the enclosed materials, it seems to me the effectiveness in The Living Rosary Apostolate lies in its simplicity in the sense that there is no need for participants to meet with others or to arrange their schedules in a certain way, but only to pray their assigned decade of the Rosary daily according to the specified intentions. We very much need apostolates such as The Living Rosary Apostolate, and I join you in praying that the Apostolate will bring those who belong to it and many other souls closer to the Sacred Heart of Jesus and the Immaculate Heart of Mary.

I ask please for a remembrance of my intentions in your prayers.

Be assured that I am remembering your intentions in my prayers during the celebration of the Nativity of Our Lord and throughout the Christmas Season.

Invoking God's blessing upon you, your family and your home, and counting upon your continued prayers for me, I remain

Yours devotedly in the Sacred Heart of Jesus,
the Immaculate Heart of Mary,
and the Purest Heart of Saint Joseph,

Raymond Leo Cardinal Burke
